Good afternoon, everyone-

Attached is the agenda for Tuesday, combined notes from the 8/30/2018 meeting (I haven't received any comment on them), and the BMP templates. Ag templates are updated with information from the meeting on 8/30. I was a little unsure as far as how to update the Stormwater templates as I was not in that group. It seems to me from the notes that the practices you want to keep as priorities for stormwater BMP verification involve infiltration and bioretention practices. I didn't want to take it upon myself to decide which ones weren't that.

Jill, Lee, and Teddi- Please reference Frank's email below. Nicki sent the meeting agenda to you all earlier, in an outlook notice.

Have a nice weekend! Looking forward to seeing you on Tuesday!
